Tu peux t'entraîner à former les lettres et les chiffres dans l'air en donnant le mouvement avec ta main, ou bien dans du sable, avec ton doigt.

Si tu peux aller sur internet, tu trouveras pleins de jeux jolis et amusants sur le site lululataupe entre autres ; n'hésite pas à t'y rendre. Il y a même un piano !

Pour lire, ensuite, il faudra repérer les voyelles et les associer aux consonnes pour former des syllabes qui permettent de former des mots.
