Should there be gun laws in the USA?

INTRODUCTION: 1 phrase ou 2 qui introduisent le thème

In the USA, the subject of ~~the~~ guns laws is very controversial. I will develop my opinion with arguments of the two sides of the debate

en position d'adjectif est invariable comme un adjectif.

éviter les plus discrète:
"Some think we should limit... while others explain this not fair or even legal. In the end, what should we think?"

1st PART : FOR (ou AGAINST)

Tout d'abord, First of all, gun control laws will not prevent criminals from obtaining guns or breaking laws. If they want to have guns they always could find a way to have weapons.

Ensuite, Then, gun control laws such as background checks and micro-stamping are an invasion of privacy because to know the informations required, the people who do that have to seek in the past of the person.

(Enfin, ...) Finally, strict gun control laws do not work in Mexico, and will not work in the United States. Indeed we have already try in a country and it doesn't function so it won't function in any country.

TRIED

TRANSITION : Mais.../ cependant) / néanmoins

However, these arguments are valid but the other side's ideas are also realistic so they are admissible too.

Understandable

2nd PART : AGAINST (ou FOR selon votre 1^è partie)

En 1^{er}, The first argument of this side is that enacting gun control laws such as mandatory safety features would reduce the number of accidental gun deaths.

They are a lot of accidents caused by guns, and if we do controls the number of victims of this kind of accident will diminish.

En outre, Moreover, more gun control laws are needed to protect women from domestic abusers and stalkers. Actually, guys could threaten or intimidate women with guns

Indeed, men often threaten

their wives or girlfriends

(En dernier, ...) In the end, I would say that more gun control laws would reduce gun deaths because criminals or terrorist could use this kind of weapons to kill people.

= too many guns makes it easier for them to get a gun.

CONCLUSION:

Pour conclure, je pense / je crois... As a conclusion, I think that there should be gun laws in the USA because even if guns have a good side, too many horrible things are tied to guns. To stop that, guns and guns owner should be more controlled.

Très bon ensemble avec: bonne structure (utilisation des mots de liaison); arguments pertinents et bien expliqués; un anglais juste et varié, ambitieux. Good job !
